

Service Technician

We are looking to hire Service Technicians to join our busy Queanbeyan-based service team. This is a great opportunity for anyone who is qualified in the HVAC industry and wants to take the next step in their career.

About Us

Dawson Heating & Cooling was established in 2007 and since then our key focus has been to provide energy efficient and eco-friendly quality heating and cooling solutions to our customers. We have extensive experience in both domestic and commercial installation, sales, and service, and with 15 years' experience in the industry, our longevity and continued growth is due to the dedication of our people.

When you join Dawson, you get all the advantages that come with a first-class team culture, combined with excellent training, support, and career opportunities. We celebrate ambition and we're committed to developing our people.

Our business is a fast paced and dynamic environment, and this is the ideal role for anyone who is a team player and enjoys delivering great service to customers and meeting deadlines.

The Opportunity

Reporting to the Service Manager, your role will include working as part of the service team, delivering quality work to the highest safety standards, with a great attitude and a focus on providing excellent customer service.

Essential skills/experience necessary:

- + Completion of an appropriate Air Conditioning/Refrigeration trade qualification (Certificate 3);
- + Relevant industry and field experience;
- + Current ARCTICK refrigeration license;
- + Current restricted electrical license;
- + Current working at heights certification;
- + Current driver's license.

Other skills required:

- + High standard of workmanship;
- + Ability to work in a team environment;
- + Strong safety awareness and safe work ethic;
- + Good written and verbal communication skills;
- + Strong customer focus.
